

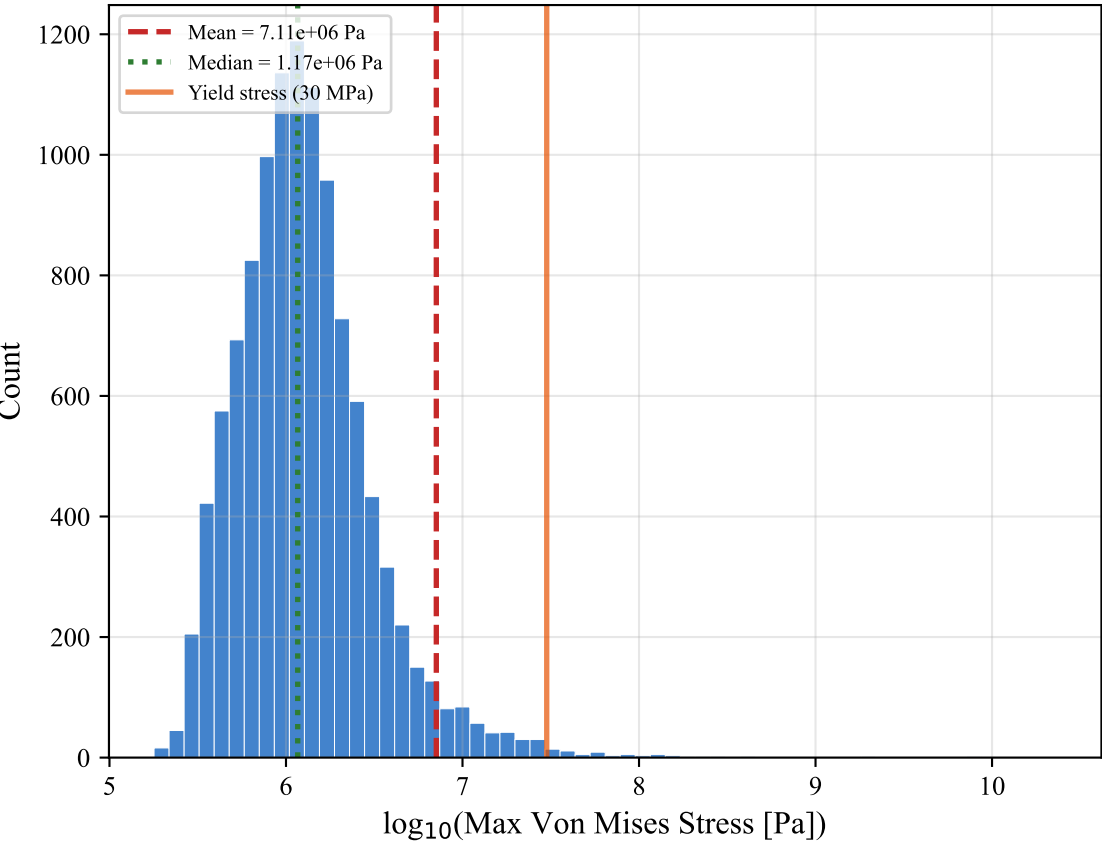

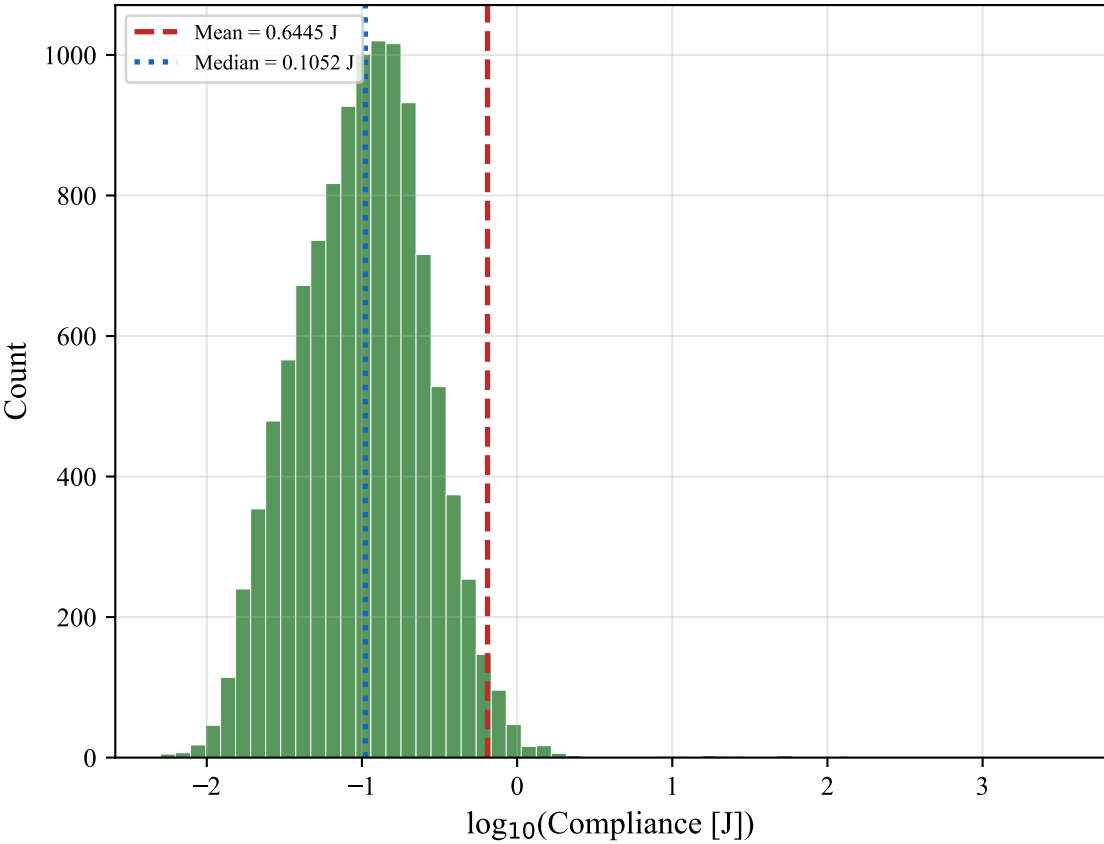

Figure 14: FEA Training Dataset Distributions (14,293 Simulations)

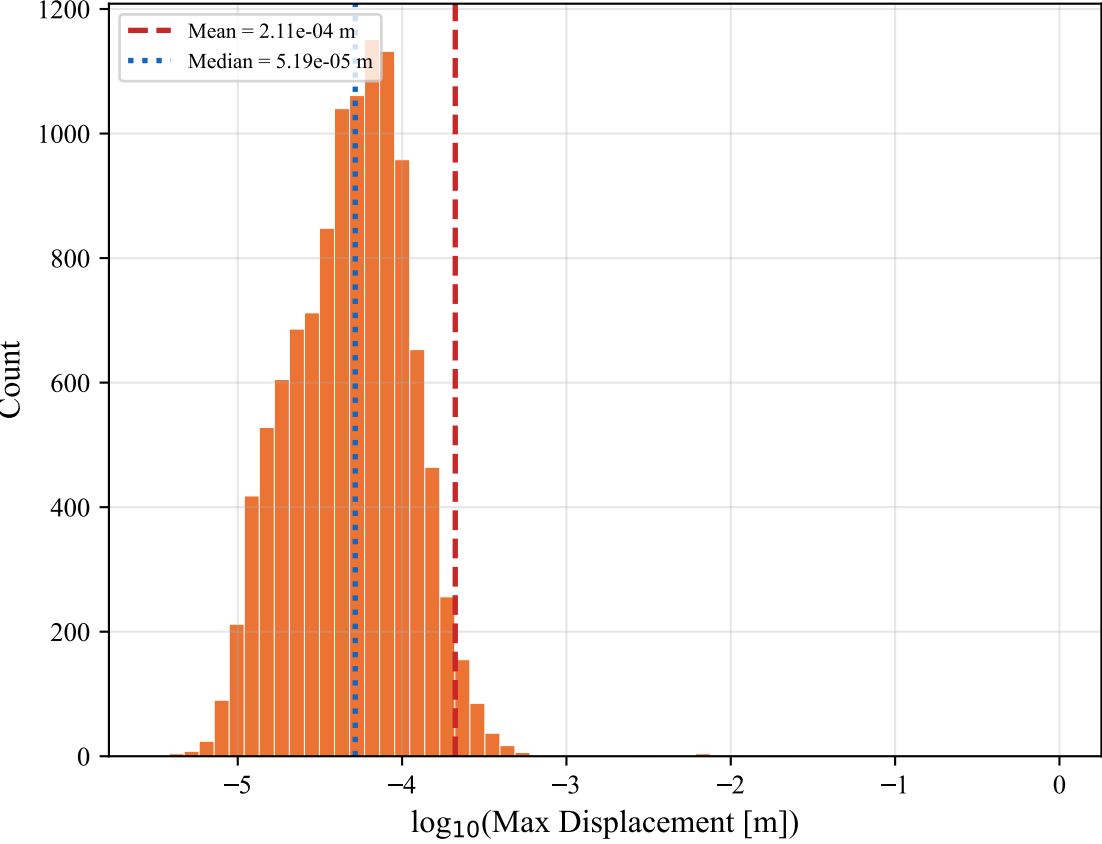

(a) Von Mises Stress Distribution

(b) Compliance Distribution

(c) Displacement Distribution

(d) Dataset Summary

| Metric                 | Value       |
|------------------------|-------------|
| Total simulations      | 14,293      |
| Clean samples          | 11,178      |
| Rejected samples       | 3,115       |
| Rejection rate         | 21.8%       |
| VM stress (median)     | 1.17e+06 Pa |
| Compliance (median)    | 0.1052 J    |
| Displacement (median)  | 5.19e-05 m  |
| Safety factor (median) | 25.7×       |
